Precious Wife

Kathy celebrated the big 40 this year. In Germany, round birthdays are really big. That means every 10 years you can have a really big celebration on your birthday. Naturally Kathy wanted to take advantage of this. We had an open house celebration with almost 20 friends and neighbors who came by to congratulate her!

Precious City

We were so glad to be able to have some personal time with Uwe and Karin on Sunday, after Kathy's birthday. We enjoyed a time of cake, coffee and witnessing and then they invited us to the Stadtfest (city party – Dresden is celebrating 800 year birthday). We enjoyed more time together, seeing the sites of the city and its celebration. We ate Langos from Hungary. Bratwurst from Germany, ice cream from Italy and then a bread filled with ham and cheese baked in a wood-stove.

Precious Souls

Along the way, William visited with a former visitor to our church. Henry took William's card and then called asking if he could come to the bible study the following Sunday, as he needed some prayer and encouragement. His wife recently left him and took their youngest daughter 2 years old with her. Please pray for them and us as we minister.

Our friend and neighbor, Frank Mueller (46), had open-heart surgery - a triple bypass, an aneurysm the size of a golf ball and clotting removed from around the heart. Frank has spent 5 weeks in the hospital. The Doctors said there was more that they needed to do to his heart, but he would not have survived. If they can keep his heartbeat regulated with medication, he will not need a new heart. Please continue to pray for Frank's heart both physically and spiritually that the Lord will have his perfect will.
